

OAC Theatre Projects

▪ **August 5, 2020 1p.m. ET**

The OAC Theatre Projects aims to support professional theatrical exploration, creation, development, production and presentation as well as initiatives that benefit the Ontario professional theatre community.

There are 5 categories for funding; Creation, Creation in residence, Development Workshops, Productions, Festivals/Theatre Initiatives.

Funding: Between \$5,000 and \$20,000 (depending on the category)

Eligible applicants:

- professional theatre artists who are residents of Ontario with a permanent physical address in Ontario
- ad hoc groups/collectives composed of a majority of Ontario residents
- not-for-profit organizations based in Ontario that produce or present professional theatre
- organizations must have a permanent physical address in Ontario

Ineligible applicants:

- non-professional applicants
- current recipients of an operating grant in the Theatre Organizations program
- current recipients of an operating grant in other OAC operating programs, with the exception of organizations mandated to serve one or more of OAC's priority groups.
- municipalities, colleges and universities

Eligible Projects:

- artistic research, exploration and experimentation
- playwriting and other methods of creation, either in-residence with a professional not-for-profit Ontario theatre company, or independently
- workshops and other development projects
- single productions, including shared-production models
- festivals, presentations and series

- community professional development, administrative collaborations, conferences and other public forums

This program does not fund events or activities outside Ontario, amateur projects, activities in French, tours and major capital expenditures.

Activity timings: Activities for which funding is being asked **cannot** start before August 5, 2020 or finish before grant results. Activities must be completed no more than two years after grant results.
